

Secure SFTP Hosting for Orderwise automation, Powered by Ridgeon Network

If you use Orderwise to run and manage your business and you need a reliable and secure way to exchange data with clients and/or suppliers, Ridgeon Network makes it simple. As a proven Orderwise SFTP hosting provider, Ridgeon Network provides a fully managed service that keeps your data transfers safe, compliant and hassle-free.

Whatever data you need to exchange – whether it's order information, stock data or purchase orders – you can do it securely with Ridgeon Network's SFTP hosting. The Ridgeon Network team works closely with you at every step and provides ongoing support so you can do what you do best – running your business.

Why choose Ridgeon Network?

Proven compatibility with Orderwise

Ridgeon Network is already used by Orderwise customers, so you get seamless integration and compatibility.

Simple and secure setup

The technical side is all taken care of for you, giving you one less thing to worry about. No need to set up servers or equipment yourself.

UK based hosting and support

Your data stays in the UK, backed up by expert help available as and when you need it by telephone or email.

Scalable for businesses of any size

Ridgeon Network's SFTP hosting is suitable for online sole traders and large ecommerce operations alike.

Fully managed service

Ridgeon Network monitors, maintains and supports your SFTP hosting solution, keeping downtime and other risks to a minimum. No need to run or maintain your own servers or open up your network firewalls.

By choosing Ridgeon Network as your SFTP hosting partner, you'll get a secure and reliable connection between your business, Orderwise, your customers and partners – helping you work more efficiently by automating and integrating systems without compromising security.

Get peace of mind and a partner you can trust for your SFTP hosting needs – choose Ridgeon Network. Prices start at just £589 per year.
